

## ***Hiding your Recommendations from LinkedIn Profile***

This guide will provide step by step instructions on hiding recommendations from your LinkedIn profile. Use the screenshot below to help navigate to the correct areas and settings. If you need assistance in hiding your recommendations, please contact Nick Olendorf at [nicko@investment-planners.com](mailto:nicko@investment-planners.com) or 217.542.1217.

## **Hiding and Unhiding a Skill Endorsement**

You can choose which **endorsements** to show for your skills on your LinkedIn profile.

To manage your skill endorsements:

1. Click the  **Me** icon at the top of your LinkedIn homepage.
2. Click **View profile**.
3. Scroll down to the **Skills & Endorsements** section and click on the name of any of your skills.
4. In the pop-up window, switch the toggle to the right of any people whose endorsements you want to hide or unhide.

› **iOS**

› **Android**

**Notes:**

- You have the option to **re-order skills** in any order you want from desktop.
- You can also hide all of your endorsements by **opting out**. Hiding individual endorsements can alter the display order of your skills. If you hide all skill endorsements of a skill, it may move to the skill to the bottom of the list.
- If you don't want a specific person to endorse you, you can **remove the connection** between the two of you. They won't be notified if you break the connection.
